Thanks Brent,

This is really more of a water division thing than an Enforcement thing, so Tomas and/or Jason are critical. I figure I'm along for the ride because of the significant prior NEPA work on this project.

Kathleen –

I can work with you next week to set up a call with Andrew March in Congressman Garamendi's office regarding the 404(q) WaterFix Letter. I will check in with you early Monday as to when you would like for me to set up the call. Have a nice weekend and talk to you on Monday.

Hello Mr. Blumenfeld,

I wanted to thank you for Region 9's letter to the USACE Sacramento District regarding the 404(q) process.

I have some questions about the letter and some of the steps going forward primarily regarding what sorts of mitigation EPA is proposing.

If you have time the week after Thanksgiving for a quick phone call or if you could direct me to a member of your staff who would be available that would be greatly appreciated.

Thank you!

Andrew March
